Forecast for Wednesday 03 Feb 2021

Weather: Mostly cloudy but dry in the morning. The cloud will lift to allow some brightness and perhaps a bit of hazy sunshine but also a chance of a few isolated showers, the risk increasing gradually during the late afternoon and early evening.

Chance of cloud free mountain/hill tops above 600m: 70% with just a scattering of lower cloud in the north which may shroud the tops in showers.

Visibility: Generally good at low levels, with cloud as low as 500m, but becoming very good as cloud lifts later in the morning. Visibility deteriorating in and around any showers though.
